

Alex Miller

(906) 235-4870 | Aurora, CO 80014 | milleral@nmu.edu | <https://alexmiller.work>

Computer Science graduate with hands-on experience building and deploying full stack applications across multiple technology stacks. Eager to apply my proven adaptability, communication, and teamwork skills to build meaningful software.

Skills

Languages: C, C++, C#, Java, Python, Kotlin, Smalltalk (Squeak)

Web Development: HTML, CSS, TailwindCSS, Javascript, Typescript, React, Angular, Next.js, Node.js, Express, Vercel, Neon

Tools: Docker, Git, Linux, Windows, Android Studio

Databases: MySQL, SQLite, PostgreSQL, Prisma

Concepts: SDLC Methodologies (Agile, Waterfall, Spiral), Object-Oriented Programming (OOP), RESTful APIs, SaaS, PaaS, Dynamic Programming, Data Structures & Algorithms

Soft Skills: Communication, Teamwork, Problem Solving, Adaptability, Active Listening, Accountability

Projects

Capture The Flag | *Cybersecurity Software Senior Project*

- Team-based full stack application developed using Agile methodology for educator created CTFs
- Using RESTful APIs with Node.js, MySQL, and Express with an Angular frontend
- Provided real time interaction with isolated Docker environments as terminals

Northern Kyber | *Cybersecurity SaaS Platform*

- Re-engineered senior project into production ready SaaS platform
- Migrated from Angular frontend to React + Next.js to broaden framework knowledge
- Improved scalability and deployment with CI/CD via Git, Vercel, Neon (PostgreSQL)
- Enhanced platform flexibility with dynamic flag creation and managing the real time environments

Education

Bachelor of Science in Computer Science from **Northern Michigan University** | Marquette, MI | May 2025

Minor in Mathematics from **Northern Michigan University** | Marquette, MI | May 2025

Associate of Science in General Studies from **Northern Michigan University** | Marquette, MI | Dec 2023

Work Experience

Crew Member | *Isle Royale Ferry Line* | Copper Harbor, MI | Summers (2022-2025)

- Collaborated with crew members to ensure safe operations and assess unexpected situations
- Communicated clearly with passengers to resolve issues and provide accurate information in a timely manner
- Earned repeated seasonal employment with reliability, work ethic, and adaptability

Awards

Michigan Governor's High School Cyber Challenge | 2018

- Tackled cybersecurity challenges in a team, placed 9th statewide
